—Charley Waldron and wife were down from north of Mound City, last Sunday morning, and brought home a couple of their Ford car, visiting Mr. and Mrs. Hayes Graham.

—F. H. Grasty and family, who have been occupying the residence on the J. C. Hinkle farm, west of town, for some time, moved to Fortescue neighborhood, one day, last week.

—Homer Cook, the monument and automobile man, of Oregon, was here, one day, last week, and sold Wilson a new Dodge car, to be delivered as soon as the next one had been received.

—Mrs. Mary Bain and Mrs. Ethel Osborne, who have been visiting Mrs. Osborne's sister, Mrs. Hattie Dushane, in Washington, for several days, returned home, the latter part of last week.

—Mrs. Susan Teyman is very sick at her home, near Fortescue, and her daughter, Mrs. John Shepherd, is with her, from Thomas, Oklahoma. They have the services of a trained nurse, and everything possible is being done for her.

—Newt, Mollis is repairing Mrs. A. W. Chuning's house, this week, raising it up several inches, putting in a new foundation, new sills, and will build three new porches on to the house. This will be a big improvement in the house.

—While assisting in raising a gravel house, several days ago, Uncle Jack VanVichell fell and broke one of his ribs, on the left side. Dr. Hogan made the necessary repairs, and Uncle Jack will have to take things a little easy for a few days.

—A light frost visited this section of the country, September 14, but did very little damage. Farm work is going along in good shape, and the sowing of wheat will begin in real earnest this week. It is said there will be more ground sown to wheat than usual this fall, if the weather continues favorable.

—We heard a story, the other day, about Sam Brown, of Arkansas neighborhood, getting down in the ditch with his Ford car, and trying to pull it out with one mule. It was too big a load for one mule, and Sam's friend says there were real tears in Sam's eyes when he came along with a team and pulled the car out of the ditch.

—Mrs. Lot Brown, who accompanied her daughter, Miss Lucy Ellen, to Chicago, where they visited relatives and friends for several days, later going to Rockford, Illinois, where Miss Lucy Ellen will attend college, returned home the latter part of last week. Here's a bet that Mrs. Brown had a big job on her hands, getting the Governor and Robert back on full feed again.

—Roy Adams and wife were here, several days, last week, visiting with O. W. Adams and family, and left the latter part of the week for Chester, Neb., where they will hold a series of meetings, and visit with relatives of Mrs. Adams. This fall, Roy and his wife will go to Choshi, Japan, as missionaries from the Holiness church, of Tabor, Iowa, and expect to be gone two years.

—Tom Huston, the popular manager of the Farmers' Telephone Co., of Fortescue, hiked down to St. Joseph, last Saturday morning, and bought a "Tin Willie" Ford car, and brought it home Saturday afternoon. Tom believes in being right up to date, and has needed a car for some time, to keep his work up in first class shape, and will now be able to "shoot trouble" more promptly. You can't lose Tom, he's there all the time.

—Mrs. Dr. Lottie Barabee left the latter part of last week for her home

in Springfield, Mass., having returned from Boulder, Colorado, a few days ago, where she was getting her son, James, and brother, Murray Catron, started in to school. Mrs. J. G. Catron leaves the first of the week for Boulder to keep house for the boys, and James Riley will follow after the fall work is completed. Art Graham and wife will move into the Catron house this week, and keep house for James Riley, they having rented the Catron farm.

—W. W. Waggoner dragged the roads from his house west, north past the Jacklin Chapel church to the cross roads, and east to the Elm Grove school house, one day, last week, making two round trips, and we are told that he did a mighty good job, too. Roads in this vicinity are needing a whole lot of work done before cold weather sets in. They should be graded out to the fence lines on each side of the roads, and two tracks made, so that teams and autos passing each other would not have to turn out into the rough places. One of the best roads we have seen in this neighborhood is the road running from Mound City out to the new cemetery. We don't know who did the job, but it is certainly a big recommendation to the man who did it, and to the people living along this road. It is sure some road, and some of our road overseers should go take a look at it.

—Rev. Karl T. Davis, the new Methodist minister for the Craig circuit, will hold services at Bethel, Saturday evening and Sunday morning, and at the Craig church, Sunday night.

—Miss Mae Nauman gave a line party at the Wickiser, and served refreshments at the Log Cabin Inn, Tuesday evening in honor of her friend, Miss Sallie Long, of Virginia.

—"Billy," the two-year-old babe of Mr. and Mrs. W. A. Sharp, is dangerously with a dysentery. The fond parents and friends are making every effort to stay the ravages of the disease.

—Frank Powell has laid the foundation for a modern home on the premises recently vacated by Ammon Rundle. The structure will go right up, and when completed will be a very desirable piece of property, and an improvement to the street.

—Our old friend, Ben Pearce, was able to come to town this week, and gather up the discontinued links in order to begin business. Mr. Pearce has had a very close call for his life, and everybody seems glad to know that he passed the ordeal in safety.

—The funeral service of Francis Stewart Strickler was conducted by Mrs. Callie Howe, last Friday afternoon, from the family home. Francis was the infant babe of Thos. W. and Dessie Strickler. Many friends and relatives sympathize with the bereaved parents. The burial was in the Thorp cemetery.

—While plowing in the orchard, last Monday, the team became unmanageable and ran, throwing Lum Yount into some limbs of an apple tree, and cutting him up about the face and head. One wound was made very close to the right eye. While the injuries are very painful, they are not serious, and Lum is going about his work as usual.

—Miss Amarilla Meyer and Mr. C. Dunn, taking R. M. Price and St. Griffith as witnesses, motored to Oregon, Monday evening, and were married by Elder Dawson. This is what is known as quick work, as these young people have been acquainted less than a week. Miss Meyer is the daughter of Mrs. Ab. Allen, of this city, and has many friends, who will congratulate her on her matrimonial venture. Mr. Dunn is comparatively a stranger in Craig, but in the short time he has been with us, he has given the impression of being a fine young man. Mr. Dunn has opened a repair garage in the Randall building, on Third Street. We know nothing of the future plans of these young people, but wish them prosperity and happiness for the days to come.

—There has been considerable change in our church affairs this fall. Rev. F. P. Brewster has resigned as pastor of the Presbyterian church and accepted a call from a Kansas City, Kansas, congregation. He moved with his family and household effects, last Thursday, but will return Sunday and preach his farewell sermon. Rev. L. P. Parker, who has been pastor at Maitland, will succeed him as pastor of the churches here and at Pleasant View. The annual conference of the Methodist church, at Fayette, moved Rev. E. F. Cooley to Forest City for the coming year, and sent to the Craig people Rev. Karl T. Davis, who has been serving the church at Callas for the past four years. Both Revs. Parker and Davis come to Craig with splendid records, and the people are rejoicing in the prospects for future spiritual uplift in the community.
